FOUNDATION
PROFILE

NOVEMBER 2026

Empowering lives together.

A commitment to people.
A belief in opportunity.

EDUCATION / HEALTHCARE / HUMANITARIAN SUPPORT

Rooted in Bekaa. Working across Lebanon.

WHO WE ARE

Rooted in Bekaa. Working across Lebanon.

Established in Lebanon in 2017, Sallaum Humanity Foundation (SHF) is a nonprofit humanitarian organisation supporting underserved communities and people with disabilities. Our work brings together education, healthcare, support for orphaned children, humanitarian assistance and sustainable development.

Our roots are in the Bekaa Valley. That local commitment shapes programmes that respond to immediate needs while helping people build greater independence and opportunity.

OUR VISION

A Lebanon where people have the tools and opportunities to learn, access care and build fulfilling lives.

2017

ESTABLISHED IN LEBANON

Bekaa

AT THE HEART OF OUR WORK

OUR MISSION

Help people access essential services, continue learning and participate more fully in their communities.

OUR BEGINNINGS

A commitment to giving back.

"

to pay forward the opportunities we were fortunate to receive.

IBRAHIM SALLAUM

Founder

The Foundation grew from Ibrahim Sallaum's desire to give back to the Bekaa community and extend the opportunities that helped shape his own journey.

That founding commitment recognises both the region's strength and the barriers that can prevent talented people from moving forward. It continues to guide SHF's focus on access, dignity and opportunity.

Excerpt and perspective from the Founder's Message

Making a difference, every day.

Education, care and community support are central to the Foundation's commitment to people.

3,000+

Scholars

250+

Orphans

50,000+

Social Impact Projects

Impact figures provided by the Foundation.

EDUCATIONAL PROGRAMME

Education opens the way forward.

We support students from the Bekaa in continuing their studies and building skills for their future. Financial assistance is complemented by mentorship, leadership development and community participation.

Academic education

Support for formal learning across universities, schools and accredited institutions. Assistance can include tuition, books and learning materials, alongside guidance for academic and career development.

Future Ready

Delivered in collaboration with CIS, the vocational programme helps young people develop practical skills and gain hands-on training for entry into the workforce.

Opportunity with commitment. Scholarship selection considers academic achievement, financial need, leadership and community engagement. Continued support depends on eligibility and academic progress.

Explore the Educational Programme

HEALTHCARE PROGRAMME

Care within reach.

Helping families access essential medical support.

SHF helps individuals and families access treatment, medication and hospitalisation support. The programme also promotes primary care, prevention and health awareness, with an emphasis on reducing barriers to essential services.

10,000+

Healthcare

Treatment

Hospitalisation and essential medical services.

Medication

Help with prescribed medicines and continuing care.

Prevention

Health awareness and attention to needs at an early stage.

Accountable assistance. Medical support is paid directly to hospitals and pharmacies, based on the programme's criteria and supporting information.

Explore the Healthcare Programme

ORPHAN SPONSORSHIP PROGRAMME

Continuity, care and a stronger start.

250+

Orphans

Our programme supports orphaned children and their caregivers in Central Bekaa. Education, medical assistance and monthly financial support help meet essential needs and provide greater continuity in daily life.

01 Education

School support, learning materials and opportunities to participate in educational activities.

02 Health

Medical check-ups, treatment, medicines and coordination with healthcare professionals.

03 Everyday needs

Monthly assistance for children and caregivers, including food, clothing and shelter needs.

Explore the Orphan Sponsorship Programme

RELIEF AND HUMANITARIAN AID

Support when it is needed most.

Crises can interrupt everyday life with little warning. SHF's humanitarian programme responds to communities affected by emergencies, disasters and conflict, while supporting the work of recovery.

01 Respond to urgent needs

Targeted assistance for people and communities facing immediate hardship.

02 Support recovery

Connect emergency support with longer-term resilience and community participation.

03 Work together

Coordinate with partners, donors and affected communities to strengthen the response.

Explore the Relief and Humanitarian Aid Programme

SUSTAINABLE DEVELOPMENT

Stronger foundations for community life.

Lasting progress depends on communities having the knowledge, skills and essential services to shape their own future. Our development programme brings social, economic and environmental priorities together.

Local capability

Training and practical knowledge that strengthen people and organisations.

Livelihoods

Skills, enterprise and initiatives that support participation in the local economy.

Environment

Responsible use of resources and projects that support long-term community needs.

Projects are considered for their relevance, potential impact and capacity to be delivered and sustained. Monitoring and reporting requirements are established during project planning.

PROJECT IN FOCUS / JDEITA, CENTRAL BEKAA

Solar power for an everyday essential.

CLEAN ENERGY. COMMUNITY WATER.

In Jdeita, SHF partnered with Sallaum Lines on solar-powered water infrastructure in Central Bekaa. Renewable electricity supplies water wells, connecting an environmental solution with a basic community need.

The connection

Renewable power

Water infrastructure

Everyday community needs

The initiative illustrates a practical approach to development: improve an essential service while reducing dependence on conventional fuel. It brings infrastructure, environmental responsibility and community benefit into one project.

Project story: Photovoltaic System in Jdeita

CAPACITY BUILDING

Investing in local capability.

Training in North Lebanon

In Tripoli, SHF worked with Future Sprouts for Creativity and the Chamber of Commerce, Industry and Agriculture to deliver a two-day workshop on project development and grant proposals.

Participants explored problem analysis, donor mapping, project design and risk management, supported by practical communication and teamwork exercises.

Learning beyond one location

SHF's first online course, held on 27-28 March 2024, made training accessible to participants across Lebanon.

Sessions covered project planning, grant proposals, needs assessment, budgets, resource allocation and monitoring. Online participation helped professionals and organisations learn without travelling to a single venue.

Practical knowledge for community work. Building stronger proposals, clearer plans and more capable teams.

North Lebanon workshop

Online training

COMMUNITY PARTICIPATION

Participation builds stronger communities.

Sports & wellbeing

Through support for sports institutions and activities, SHF encourages physical wellbeing, mental wellness and social connection. Sport and recreation create opportunities for people to participate and connect with their community.

Ambassador programme

Ambassadors contribute their time, experience and relationships to the Foundation's work. They help raise awareness, engage communities and support events and campaigns, while communicating SHF's mission accurately and responsibly.

A place for your contribution

Volunteers bring time, skills and commitment to community initiatives. Connect with the team to explore how you can take part.

SELECTED COLLABORATIONS

Shared purpose. Practical collaboration.

Different partners contribute different strengths. These examples show how education, technical expertise and community relationships support the Foundation's work.

American University of Beirut (AUB)	The Sallaum Humanity Foundation Scholarship was established in September 2025 to support Lebanese students with financial need who are in good academic standing.
CIS	The Future Ready programme combines practical skills and hands-on vocational training to help young people in the Bekaa prepare for employment.
Sallaum Lines	Collaboration on the Jdeita solar-powered water initiative links renewable electricity with essential community water infrastructure.
Future Sprouts for Creativity & the Tripoli Chamber	A workshop in North Lebanon brought together project-cycle management, grant proposal writing and practical skills for community-oriented work.

Tripoli Chamber: Chamber of Commerce, Industry and Agriculture in Tripoli, North Lebanon. Each collaboration relates to the activity described above.

WORKING TOGETHER

Let's make more possible.

We welcome conversations with schools, universities, healthcare providers, businesses and community organisations that share our commitment to practical, lasting support.

POTENTIAL AREAS FOR COLLABORATION

01 **Education and opportunity**

Scholarships, learning resources and practical support for students.

02 **Better learning environments**

School rehabilitation, equipment and tools that improve access to education.

03 **Health and essential care**

Targeted help with treatment, medicines and health awareness.

04 **Children and caregivers**

Sustained educational, medical and everyday support.

05 **Community capability and services**

Training, mentoring and practical local development initiatives.

PEOPLE AND PRINCIPLES

Purpose, carried into everyday work.

Led by General Manager Nada Halawi, the Foundation's team brings together programme coordination, financial administration, communications and creative support.

The work is guided by a shared commitment to people, opportunity and the wellbeing of the communities SHF serves.

Nada Halawi

General Manager

WHAT GUIDES US

Equity and inclusion	Access and opportunity across different circumstances.
Knowledge	Learning that enables people to move forward.
Environmental responsibility	Respect for resources and long-term community needs.
Unity in diversity	A shared commitment across different backgrounds.
Transparency and accountability	Clear responsibility for the work and its impact.
